

Chemistry Lecturer University of Wisconsin – Rock County

Position Description

The Department of Chemistry at the University of Wisconsin - Rock County invites applications for a part-time lecturer in organic chemistry for Fall 2009 and Spring 2010 classes.

Fall Semester 2009	
CHE 343	Organic Chemistry I (Lecture) MW 10:30-11:45 AM
CHE 351	Organic Chemistry Laboratory I F 2:00-4:50 PM
Spring Semester 2010	
CHE 363	Organic Chemistry II (Lecture) TTh 8:30-9:45 AM
CHE 361	Organic Chemistry Laboratory II F 2:15-5:35 PM

Qualifications

Masters in Chemistry or related field required. Preference will be given to candidates with successful college teaching experience. Preference may be given to candidates qualified to teach other courses offered by the department via distance education.

Responsibilities

Attend orientation activities, teach courses and hold appropriate office hours for students.

Starting Date

August 26, 2009

Application

Review of applications will begin immediately and continue until position is filled. To apply, submit a cover letter that relates your teaching philosophy to your experience and qualifications along with your vita, unofficial transcripts, and names and phone numbers of three references to Dr. Kim Kostka (kim.kostka@uwc.edu), Associate Dean for Academic Affairs, University of Wisconsin – Rock County, 2909 Kellogg Ave, Janesville, WI 53546. Please direct questions about this position to Dr. Kostka at the email address above, or by phone to 608.758.6532 or 608.775.6565 x325.

Applications must be accompanied by a statement of whether the applicant wishes to have the application held in confidence or made available to the public upon request.

Employment will require a criminal background check. UW-Rock County is an AA/EO employer and encourages women, members of minority groups and veterans to apply.

CHE 343 - 3 credits – The first semester of a year-long course in organic chemistry. Three hours of lecture per week.

CHE 351 - 1 credit – The first semester of a year-long course in organic chemistry laboratory.

CHE 351 - 1 credit - The first semester of a year-long course in organic chemistry laboratory.

CHE 363 – 3 credits – Continuation of Organic Chemistry I (CHE 343). Three hours of lecture per week.

The Campus

The UW Colleges are the freshman-sophomore transfer institution within the UW System. The UW Colleges function as a unit that comprises thirteen two-year campuses, each of which offers an excellent liberal arts and preprofessional education for students beginning work toward a bachelor's degree. The UW-Rock County campus is located in Janesville, a city of 60,000, near the Wisconsin-Illinois border. The proximity to the state Capitol in Madison is a plus. Currently the campus serves over 1000 students in a college environment that provides for small classes and individualized student attention. For more information about UW-Rock County, see <http://rock.uwc.edu>, and for more on the UW Colleges, see <http://www.uwc.edu>.
